

“GS-2” Rate
Single-Phase General Service
50 KVA or higher
Effective January 1, 2010

Availability

This rate is available for all single-phase non-residential and general power uses, requiring transformer capacity of 50 KVA or higher.

Character of Service

The type of service rendered under this rate schedule shall be alternating current, sixty (60) Hertz, single-phase at standard 120/240 voltage.

Rate -- Monthly

Facilities Charge	\$29.00 per month
Energy Charge	
First 800 kilowatt-hour usage per month	\$.09048 per KWH
Next 500 kilowatt-hour usage per month	\$.07239 per KWH
All over 1,300 kilowatt-hours usage per month	\$.05535 per KWH

Conditions of Service

- This rate is available for all general service uses requiring transformer capacity of 50 KVA or higher.
- Individual single-phase electric motors are limited to a maximum of 10 horsepower, unless approved by Wabash County REMC.
- This is not a stand-by or supplemental rate. When a renewable energy generation system of 10 KW or larger is interconnected with this meter, this rate does not apply.
- This rate requires continuous service. If the account is disconnected for less than 12 months, all Facility Charges avoided during the disconnected period, plus a re-connect trip charge, shall be paid prior to re-establishing the account in the same name or that of another family member.

Wholesale Power Cost Adjustment

The above rates are subject to purchased power cost tracking adjustments as charged to Wabash County REMC by its power supplier.
