

“SS” Rate
Surge Suppressor Rental Rate
Effective January 1, 2006

Availability

Available when Wabash County REMC installs a meter base mounted surge suppressor. This surge suppressor may be either a collar device mounted between the meter and the meter base, or it can be a 240-volt surge suppressor wired into the meter base.

Monthly Rate

\$4.95 per month

Billing

The surge suppressor charge shall be plainly shown on the member’s billing statement and shall be paid at the same time and on the same terms as the member’s regular bill.

Limitations

The surge suppressor is installed with the expressed intention of helping reduce the damage to equipment and appliances within a home. Wabash County REMC shall not be responsible for any damages caused by a surge, whether or not a surge suppressor is in place.

When the member believes a surge caused damage to his equipment, Wabash County REMC’s sole responsibility is to return the surge suppressor to the manufacturer for testing. Whether a surge entered the suppressor or not is solely determined by the manufacturer. Any warranty claims for damages shall be between the member and the manufacturer.
